

TIME-DEFINITE PARTS TRANSPORTATION

Enabling fast international delivery of aerospace and aviation parts through expedited transportation services

Secure and timely parts delivery can ensure customer satisfaction and ongoing loyalty. This service enables your customers to select their shipping and tracking solutions to fit their needs – and includes customs clearance.

TYPICAL BUSINESS CHALLENGES

- Achieving fast delivery every time
- Ensuring highly secure, zero-defect shipments
- Enabling end-to-end visibility
- Securing rapid customs clearance
- Providing flexible delivery options

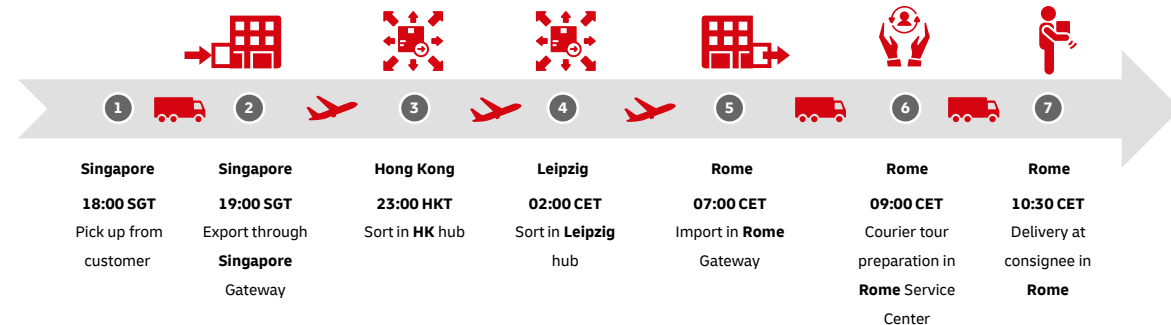

DHL SOLUTION

For international door-to-door delivery within a specific timeframe or by the end of the next business day, choose our day- and time-definite services. With international reach and local teams, we ensure seriously fast delivery with customs clearance for dutiable goods and end-to-end tracking visibility.

SOLVING YOUR BUSINESS CHALLENGES

- ✓ **Achieving fast delivery every time** – Late cut-off times based on DHL-owned transportation assets including dedicated aircraft and hub network; multiple delivery time options; time-definite and on-demand delivery
- ✓ **Enabling end-to-end visibility** – Consistent and reliable service options offering full visibility of valuable and urgent parts
- ✓ **Securing rapid customs clearance** – Dedicated customs teams with global and local knowledge; experience in clearing all goods classifications
- ✓ **Ensuring highly secure, zero-defect shipments** – Aerospace and aviation levels of security; packaging and products delivered without damage
- ✓ **Providing flexible delivery options** – Customers can specify exact delivery requirements (location, time) and request changes during a shipment
