*Applicable conditions:

1. Please contact your DHL eCommerce Sales or Customer Support Representative to initiate the Limited Quantity account approval process.
2. Once approved, customers will be responsible for using the appropriate packaging according to the hazard class and applying any associated markings/warnings labels.
3. All items tendered to DHL eCommerce must qualify for Limited Quantity Surface transportation under USPS Publication 52 and DMM 601.10.
4. Please note that the Limited Quantity program is limited to Domestic surface transportation (Ground service) and to Canada and Mexico via Parcel Direct (PLT) ground destinations only.
5. Customers must complete applicable dangerous goods training prior to offering shipments to DHL eCommerce.
6. Failure to comply with DHL eCommerce's dangerous goods requirements could result in severe penalties and termination of shipping rights.

For any questions, please contact your Sales or Customer Support Representative.
